

Georgia Institute of Technology - Vertebrate Animal Researchers

The following is a list of researchers at Georgia Tech who utilize live vertebrate animals in research. This is not an all-inclusive list and is subject to change.

Please forward a copy of any newly submitted grant proposal pages and routing sheet to the Office of Research Compliance at iacuc@gatech.edu for any of the Principal Investigators listed below. The Contract Officer will be contacted regarding any use of vertebrate animals in research described in the proposal and the steps which need to be taken by the Principal Investigator prior to release of award funds.

Please note: Georgia Tech's PHS Assurance number is: A3822-01. This is not a Georgia Tech IACUC protocol number.
